Rafiqul Hasan

Aspiring Web Developer | React & Next.js

Email: hasanrafiqul39@gmail.com | GitHub: github.com/rafiqulhasan81
LinkedIn: linkedin.com/in/rafiqulhasan81

PROFESSIONAL SUMMARY

Aspiring Web Developer focused on building modern, responsive, and user-friendly web applications. Experienced in developing frontend projects with React, Next.js, TypeScript, and Tailwind CSS, integrating REST APIs, and working with Git/GitHub. Currently strengthening backend development skills with Python and Django REST Framework. Seeking a junior frontend or React developer opportunity where I can contribute, learn from a team, and grow as a software professional.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript, TypeScript, React.js, Next.js, Tailwind CSS
APIs & Backend	REST API integration; Python and Django REST Framework (learning)
Databases	MongoDB; PostgreSQL/MySQL fundamentals
Tools	Git, GitHub, VS Code, npm

SELECTED PROJECTS

BazarDor — Grocery Price Information App

Built a Next.js and TypeScript application that displays products by category and presents product information from REST APIs. Styled responsive UI with Tailwind CSS.

FitLog — Fitness Tracking Interface

Developed a responsive Next.js interface for a fitness-focused application and integrated API data into the frontend.

DevStack — Web Development Project

Developed a web application using modern frontend technologies. Replace this summary with the project's specific purpose and confirmed features before publishing.

User Authentication App

Implemented sign-up/sign-in flows using Better Auth, MongoDB, and OAuth provider configuration in a Next.js application.

CAREER OBJECTIVE

To join a collaborative software team as a Junior Frontend Developer or Junior React Developer, deliver clean and accessible user interfaces, and continue developing full-stack engineering skills.

Before publishing, review project descriptions and add verified education, work history, phone number, and confirmed live project URLs where applicable.
